Residential Service Schedule R

Availability

This Schedule is available when electric service is for residential and supplemental farm use, except as excluded herein. A residence served under this Schedule may be used as a boarding house, fraternity house, tourist home, or like establishment, provided it ordinarily would be used as a private residence. Service will be supplied at one point of delivery through one kilowatt-hour meter provided by the City to record use for monthly billing.

Service under this Schedule is not available for processing (or handling) for market of farm products produced by others, for separately metered farm operations, for individual motors in excess of 10 HP, for commercial or industrial purposes, or for other uses not provided herein. Service may not be used for breakdown, standby, supplementary, temporary, or resale service.

Neither generating nor converting equipment may be operated by the Customer in conjunction with electric service under this Schedule without prior written approval from the City. The Customer shall install equipment acceptable to the City to protect the City's employees and others and its electrical system prior to receiving such approval. The Customer will be responsible for any injury or damage caused by the operation of such generating or converting equipment. Service is subject to immediate suspension without notice until the Customer has installed adequate protective equipment and received approval from the City for any such equipment.

Type of Service

Electric service is 60 hertz alternating current, either single-phase 2 or 3 wires, or three-phase 4 wires, at the City's standard voltages of 240 volts or less.

Monthly Rate

Customer Charge ^[1]	\$10.00
Energy Charge	13.1538 ¢/kWh

^[1] For single phase service. The Customer Charge will be increased by \$15.00 for three phase service.

Sales Tax

North Carolina utility sales tax will be added to charges, as applicable.

Purchased Power Adjustment

Any purchased power cost adjustments for unrecovered power supply and transmission costs will apply to service under this Schedule.

Purchased Power Adjustment	0.00 ¢/kWh
----------------------------	------------

Removal of Facilities

If the Customer is not using service or only partially using service, the City may, after notice to the Customer, remove its transformers and other equipment not being used fully and substitute other equipment adequate to serve the Customer.

Minimum Term

Service will be provided for a minimum term of one year.

General

Service rendered under this Schedule is subject to the provisions of the service regulations of the City.

Liability

The City does not guarantee or warrant continuous electric service, and expressly disclaims any such warranty, express or implied, to provide continuous service. The City shall use reasonable diligence to provide uninterrupted service, and having used reasonable diligence shall not be liable to any consumer for damages for failures in, interruptions of, or suspension of service, including, without limitation, surges. The City reserves the right to suspend service without liability on its part at such time, for such periods, and in such manner as may in its judgment be required for the purpose of making necessary repairs on the lines or other parts of its system.
